

## Construction

1:

2:

3:

4:

5:

6:

- 1: First, fold each A4 sheet in half along the vertical axis.
- 2: Using a craft knife or scalpel, cut a horizontal slot along the centre dotted line of the first A4 sheet. (pages 1/2/13/14)
- 3: Then cut along the dotted lines on all the other sheets. Make sure to cut to the very edges of the paper.
- 4: Stack the folded sheets in ascending order with the even numbers at the top. Curl the bottom half of the second A4 page (pages 3/4/23/24).
- 5: Thread the curled page through the centre slot of the first A4 page. Repeat this process with the third (pages 5/6/21/22), fourth (pages 7/8/19/20), fifth (pages 9/10/17/18), and sixth A4 sheet (pages 11/12/15/16) with the even pages in ascending order.
- 6: When all the pages have been threaded through, check the pagination. Finally, fold the booklets in half along the horizontal axis.
