O di mma -  
I am fine.

Bev Carter

Dear students  
Kedu? (How are you?)  
Thank you for taking part in the project called 'A little something about me'.  
I have shown your wonderful paintings to some students I have been working with in schools in England.  
They have put together some questions that they would like to ask you in this little book so they can know more about you and Umologho.  
When you have filled in these books they will be returned to the students in England. They are also making 'A little something about themselves' for you.  
At the end of this book there is some space for you to ask some questions to young people in England.  
We hope you enjoy doing this. We really look forward to reading your book and thank you for your effort in making this.
